Poppy Days Are Here Again

VFW Poppies will be sold by local veterans and their spouses locally Friday and Saturday. It is therefore fitting that the story of the VFW "Buddy" Poppy be retold as Memorial Day draws near.

The opening line of Col. James McCrae's immortal poem is well know — "In Flanders Fields the Poppies Blow . . ."

The poem is dedicated to the memory of the men who died in World War I and the poppies of which he wrote have become the symbol of all those who gave their lives in our nation's wars.

Thus, the poppy has become recognized as the memorial flower throughout the world. It is distributed by veterans' organizations in Europe, America and the British Commonwealth.

Since 1922, Veterans of Foreign Wars of the U.S. has conducted an annual sale of "Buddy" Poppies for funds for its charitable programs for needy and disabled veterans, and the widows and orphans of deceased veterans.

About 12 million poppies are sold annually in the U.S.—most of them just before Memorial Day.

According to Dale Willey of Lemon Grove, who is State VFW Junior Commander, the person from whom you buy a poppy is a volunteer as is his supervisor and the people who helped organize the sale. Their only pay is that satisfaction which comes from devoting time and effort to a worthy cause.

Willey said that $1½ million is raised each year in the project and all of it is strictly accounted for and dedicated entirely to veterans' welfare.

Contributions to the VFW National Home for children of deceased or disabled veterans at Eaton Rapids, Mich; to the VFW Rehabilitation Service in Washington; to the VFW Rehabilitation Centers in California, and to direct assistance programs for needy and disabled veterans right here in this community. He said services are made available to all needy veterans — not just VFW members.

Willey joined with others in urging that your contribution be generous and that you wear your Poppy groudly.

—And when you see VFW or Auxiliary volunteers working in veteran hospitals, visiting with the sick and helping with their problems, give them a word of greeting, for they, like those who wear the Poppy, have given generously.

A Sustaining Prayer

For those who have reached the center age there is a prayer which can sustain them. It can also aid those who have yet to reach the mid-point.

Captured from the California Freemason, it reads:

"This is the beginning of a new day. God has given me this day to use as I will. I can waste it or use it for good.

"What I do today is important because I'm exchanging a day of my life for it. When tomorrow comes this day will be gone forever, leaving in its place something I have traded for it.

"I want it to be a gain, not a loss; good, not evil; success, not failure; in order that I shall not regret the price I paid for it."

Marijuana, Pills Lead To Arrest

A Spring Valley man who "rolled through" a stop sign was arrested early last Friday morning for possession of marijuana and possession of restricted dangerous drugs.

John H. Cordova, 27, of 1203 Purdy st., Spring Valley, reportedly "rolled through" a stop sign at Jamacha blvd. and Sweetwater rd. at approximately 2 a.m. just as a Sheriff's deputy approached the intersection, nearly colliding with the suspect's vehicle.

After stopping the suspect's vehicle, the deputy contacted Cordova at the rear of his vehicle, where it was noticed that a strong smell of burned marijuana was permeating the air around Cordova's person, according to reports.

The suspect was arrested for the marijuana charge when a small quantity of the illegal weed was found in one of his vest pockets. A further search of the suspect's person revealed a hand-rolled cigarette containing marijuana.

A search of the suspect's vehicle netted 37 small white pills believed to be amphetamines in a plastic "baggie".

Modern Dance Concert Set May 21, 22

The Associated Students of Grossmont College and Department of Physical Education, will present the College's Seventh Annual Modern Dance Concert at 8 p.m., tomorrow and Saturday, in the Student Center. Dr. Lolita Carter, a member of the Physical Education Department and dance instructor, will serve as artistic director and choreographer for the concert that features specially commissioned works by George Willis and Day Power.

Willis' still untitled work deals with illusion; questioning whether people actually see what they see or hear what they hear. Original taped sound effects will provide accompaniment for the dance. Day Power will present a jazzy work featuring two male and five female dancers performing to popular rock music. Power will also dance in this work.

The program will also include seven new dances choreographed by Dr. Carter for her student dancers. Dr. Carter said: "Four of them, 'Tarantelle,' 'Concerto in G,' 'White Birds' and 'Viva California,' are very dancey dances. 'Tarantelle' is a large ensemble number derived from the Italian folk form. 'Concerto in G,' in its movements, might be called a "Baroque modern.'

'White Birds,' performed to the popular music of that name, is a simple but beautiful dance with a floating and soaring quality. 'Viva California' is a historical suite celebrating the early days of our state."

The only fire last week was a small grass blaze along the railroad tracks at Imperial

Spring Valley Students Set For Camp

Boys and girls from eight different schools will participate in sixth-grade school camp program next week according to City-County Camp Commission Director Ed Pumala.

The various groups come from Old Town, San Ysidro, Loma Portal, Serra Mesa, Imperial Beach, Spring Valley, and Julian. They will stay at one of the three County camps in a four and a half day educational experience as a part of their regular school schedule.

A group from Bancroft Elementary in Spring Valley will join students from four other county schools at Camp Cuyamaca. Teachers Gary Walcher, William Heidbreder and John Hood will accompany the 96 students.

All of the sixth-graders will participate in a nationally acclaimed "outdoor education" program which has served more than 300,000 San Diego County youths, according to Pumala.

The camps are staffed by specially selected teachers hired by the participating school districts. Other features of the program are jointly funded by the City and County of San Diego.

Students are taught such subjects as conservation, Indian history, astronomy and ecology, Pumala added.

Spring Valley Roofer Fined On Drug Charge

SAN DIEGO (CNA) — An 18-year-old Spring Valley roofer's apprentice, who pleaded guilty to possession of restricted, dangerous drugs, Tuesday in Superior Court was placed on two years' probation and fined $150.

Robert Villa Rodriguez, of 9744 St. George st., was arrested by San Diego police on a complaint there was a man with a gun in a billiard parlor on University ave. They found Rodriguez, but all he had was a knife. He was drunk, police reported.

Four Seconal tablets found in the police car were admitted by Rodriguez to be his. He was released on his own recognizance after 8 days in County jail.

Rodriguez pleaded guilty on the possession charge on April 14, and the drunkeness count was dismissed.

Nude Shows OK'd For Local Spot

SAN DIEGO (CNA) — A county ordinance which bans nudity in public places was declared unconstitutional Friday in Superior Court as the result of an action brought by the operator of a Lemon Grove night spot.

Jerome LaFreniere, who has the Naughty Spot, at 7268 Broadway, filed suit because his dancer, Christine Ann Byerly, a curvaceous 22-year-old was arrested on April 9 for her nude dance.

Judge Franklin D. Orfield ruled Friday that the ordinance over-balanced the county's right to enforce its police powers and the right that a performer has to self-expression under the first amendment.

LaFreniere obtained from Judge Orfield an order to serve on Sheriff John Duffy, barring the Sheriff's deputies from enforcing the county ordinance.

The ruling was greeted with joy by LaFreniere, Miss Byerly and James Morgan, manager of the Naughty Spot. The latter promised expansion of the nude dancing entertainment, with Miss Byerly to head a group of five naked dancing girls.

Miss Byerly, reportedly a graduate in accounting at U. of Tennessee, told reporters after the court hearing that her kind of dancing requires a certain control over the movements of the body, different from other kinds of dancing.

Asked how she acquired these dancing skills, she looked directly at her interrogator. "Well," she answered, smiling, "how did you learn to take off your clothes?"

A sign in the cafe earlier this week indicated that a $2 a person charge would be invoked when nude dancing is presented. The cost has been 60 cents for a glass of beer with no other charges.

Mt. Miguel Parents Protest Anti-War Film

Protests were strong and numerous during the past ten days at Mt. Miguel High school following the April 28 showing of an anti-Vietnam movie, "Winter Soldier."

The showing aroused parents to a letter-writing barrage and caused an even greater number to take to the telephone to criticize "poor judgment" of Mt. Miguel personnel in permitting the showing of the film without "offsetting information" or "without labeling it (the film) as anti-American" a spokesman for one group said.

The film, shown by Mrs. Helen Santangelo, an English teacher, to senior and junior classes, showed American atrocities on Vietnamese citizens. Mrs. Santangelo has been reprimanded, according to Mt. Miguel Principal Melvin Grant. He said the film was out of line and contrary to policy of the school district.

Mrs. Santangelo, it was said, obtained the film after it was screened by the United Methodist church in Mission Valley. She presented the film at school, Grant said, as an example of propaganda. The film was accompanied by two San Bernardino College students who moderated and presented "personal views". They were identified as members of "Veterans Against the War in Vietnam" but it was not ascertained whether or not they actually were veterans. Grant said they stated they were.

The film was re-shown at Mt. Miguel to parents on May 12. Several persons were "incensed" by the outright anti-American propaganda" a viewer said.

A group of area mothers circulated a letter during the past week-end. It was signed by 74 families. "We could have gotten more (signatures) if we had time," a circulator said. The letter was delivered to the Grossmont High School Board meeting Monday night. The film script read "like a Hanoi press release" the letter stated.

Earlier last week, Dr. Robert Burns, a Lemon Grove veterinarian, fired letters off to the school, to the district administration, and to county and state officials. Dr. Burns, who is restricted to his bed due to a illness from which he is gradually recovering, charged that the film was "singularly biased" and that it "discredited and damned American servicemen in Vietnam and consisted of unauthenicated and unsworn charges some of which were either half-truths or outright lies."

The letter which contained 74 signatures demanded that Mrs. Santangelo be censured and "given maximum punishment for her actions." Grant said Wednesday that her reprimand was a verbal one.

The film is believed to have been brought to Mt. Miguel throught the auspices of Mrs. Sylvia Shapiro from the East San Diego Chapter of the Women's National League of Peace and Freedom" according to the letter.

Grant said that 100 persons attended the showing of the film for parents but only 13 turned up at a meeting Tuesday night to discuss what

Grand Opening Set Tomorrow For Lemon Grove Youth Center

The Kiwanis-sponsored Lemon Grove youth project, following several months of work by committees from the Kiwanis Club as well as other local service clubs, has scheduled its grand opening tomorrow night.

Tomorrow "will feature our kick-off dance with a live band playing from 7-10 p.m." according to Grant Underhill, director of the Lemon Grove Youth Center.

For the grand opening, junior high youngsters will be admitted to the dance free of charge, although donations of 25 cents will be accepted from those who wish to support the project monetarily, Underhill said.

Following the opening, the Center will be open Tuesdays from 3 p.m. through 10 p.m., Fridays from 3 p.m. to 10 p.m., and Saturdays from 10 a.m. to 10 p.m.

The Youth Center, as it has been set up, is primarily for youngsters who are at least junior high school age but not yet sixteen. At the Center, youngsters will be able to enjoy sports activities such as softball, listen to records, play table tennis, or just "rap" with one another.

Other things that are planned include candlemaking, macrame, drawing, painting, and other arts and crafts.

The project is currently funded mainly through donations from service clubs and private individuals, and it is expected that nominal fees may need to be charged to cover expenses of arts and craft materials, according to Christie Lang, a member of the Youth Center staff.

Underhill pointed out that the Center could still use the services of volunteer staff members as well as funding support. "Anyone over 18 years old with free time on their hands" can contact Underhill at 233-9670, he said.

He said the Center needs self confident individuals who can serve as "rappers" or peer counselors, as well as those who can supervise activities.

Christie Lang said that the Center is still in dire need of furnishings. "We have a few pillows," she said, "but we

City Jail Eyed As Federal Inmate Site

The County was informed last week that the federal government is negotiating with the City of San Diego to use the old city jail for federal prisoners, according to Chairman William Craven of the Board of Supervisors.

"The Board of Supervisors is extremely pleased that this one step in our effort to reduce the overcrowded jail situation is nearing fruition," Craven said.

For some time the Supervisors have been expressing concern over the large and fluctuating number of federal prisoners housed in the County jail, a situation over which they have no control.

"The federal prisoner population in our jail fluctuates between 200 and 450, which makes planning to solve the problem very difficult," Craven said. He noted that the city jail can hold a maximum of about 290," and that the County expects to negotiate an agreement with the federal government which will limit the number of federal prisoners in our jail to 100," he said.

Craven was quick to point out that with a jail population of near 1,400 in a facility with 1,000 beds, the County jail will remain badly overcrowded even with the removal of 290 federal prisoners.

"We must not overlook the fact that while the opening of the city jail is significant, it in no way lessens the importance of passing the County's jail-courthouse bond issues in the June 8 election," Craven said.

He added that County staff is continuing to explore several other ways to relieve the jail situation and similar changes may be expected in the near future.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

Occasionally one speaks of actions that will take place in the future. This is generally done by using the future tense of verbs. In English the future tense is formed by placing "will" in front of a verb as in "I will speak." In Spanish, by contrast, the future tense for the first person is formed by adding an accented "e" to the infinitive. For example, we add "e" to "hablar" and construct "Hablare" for "I will speak."

"Comere" (I will eat) has been formed by adding the accented "e" to "comer" (to eat). "Ire" (I will go) consists of the infinitive "ir" (to go) and the accented "e." The understood subject for these future expressions is "yo" (I). Because the subject "yo" may be left out entirely or included in the phrase "Yo comere" and "Comere" would be translated to the same English expression "I will eat." The same is true for "Yo ire" and "Ire" which would be translated "I will go."

An accented "a" is added to an infinitive to construct the third person (singular) form. Thus "a" added to "hablar" results in "hablara" (will speak). One of the three subject pronouns, "el" (he), "ella" (she) or "usted" (you) must appear with this form to clarify "who" will speak. Expressions like "El hablara" (He will speak), and "Usted hablara" (You will speak) are examples of this form and show how the subject pronouns are used.

To construct questions in Spanish, the verb usually appears first. This may be seen in "Hablara usted?" (Will you speak?) and "Hablara ella?" (Will she speak?). We may expand these questions by adding a future time like "manana" (tomorrow), "el lunes proximo" (next Monday), or "la semana proxima" (next week). An example of the expanded question might be "Hablara usted la semana proxima?" (Will you speak next week?).

Practice phrases which demonstrate the use of the future tense in Spanish are shown below. Phonetic guidance by recorded voice will demonstrate how to pronounce the phrases when you dial 276-2762.

More Policing Needed

Dear Editor:

If you have observed the traffic on Broadway between Olive and Grove streets, you will have noted that a large number of drivers do not obey the traffic laws.

If you should cross the street in a marked cross-walk near the Post Office you will note that many drivers do not obey the law relating to pedestrians in a marked cross-walk.

Note, also, the enclosed clipping about the Junior Patrol and children crossing the streets. (Problem with misbehaving adult drivers).

We certainly need more policing of Lemon Grove streets and you should be ashamed of yourself for this "editorial" which insinuates that we might do with less.

Walker Scott, Dodgers Split Pair To Stay Tied For League Lead

The leaders in the Lemon Grove Little League's Major division clashed head-on in a two-game series last week and when it was over they were still locked in a first place struggle.

Walker Scott and the Dodgers split their duels to leave their respective records at 6-1 while Mission Van and Storage won two of three for a 6-2 mark.

A leadoff home run by Jeff Mitchell set the stage for Walker Scott in the opening game and they went on to a 9-3 victory over the Dodgers. Five runs in the third inning, helped along by three walks and three singles, iced it with John Barrow tossing a seven hitter and fanning 13. Tom Bolen suffered his first loss, surrendering 10 hits.

In the aftermath, Walker Scott again struck first but this time the Dodgers battled back for a 5-2 decision. Chris Flores gave up one base raps to the first two batters then shut the door the rest of the way. Strong infield play by Butch Cushman aided the cause.

Bobby Schneider was touched for two runs in the second inning after two outs and three more in the fourth, the latter rally sparked by Bolen's double and a two-run single by Jim Schroeder.

White Construction used the strong right arm of John Young to gain a split with Mission Storage. Young doled out four hits, two to Mike Sperla, struck out 12 and walked only one in a 7-2 verdict. White Construction collected all its runs in the opening frame on three singles and five Mission miscues.

Mission Storage had taken the first tussle 5-4 despite a four bagger by White catcher Casey Tiumalu. Dave Terrell and Ray Cox combined to fan 10 while Steve Thornton got three hits and a walk and Jim Stewart singled twice in as many tries.

Murphy Plumbing took varied routes but ended with two triumphs over Food Basket, 2-1 and 12-3. In the first, Food Basket hurler Mark Jacobsmeier gave up only one hit and whiffed ten but lost it. To add to his futility, Jacobsmeier got his squad's only two hits, one of them a home run.

Imperial Meats and Lemon Grove Lath and Plaster also shared wins with Imperial taking the initial fray by a 3-2 count and Lemon Grove Plaster reversing it, 6-5.

In a pair of tie game playoffs, Mission Storage took Murphy Plumbing 11-8 and Food Basket nipped White Construction 3-2.

The league's second no-hitter of the year was recorded in Interrmmediate division activity when James Murphy and John Harris united for a 7-0 Weedman Carpets win over Flower Barrel.

Chargers Sign 'Splendid Back' Mike Montgomery

The San Diego Chargers have signed a big, tough running back with speed and ability to catch the ball.

He is Mike Montgomery from Kansas State, the No. 3 draft choice of the Chargers.

Montgomery has the size, 6-foot-2, 210 pounds; the speed, 4.7 for the 40, and the ability to catch the ball, 51 receptions in 1970.

Charger Coach Sid Gillman calls Montgomery, "a splendid prospect. Our only problem, and it's a happy one, is whether to play him outside as a receiver or inside as a runner. We will try him inside first."

Charger Director of Player Personnel Tom Miner is high on Montgomery's competitive attitude. "He is real tough, real dedicated, the kind of guy you want on your side in a fight. On the field, he will bite, claw and kick. His dad is a coach and he has installed in him to be a winner."

Miner compares Montgomery to Tom Matte of the Baltimore Colts, "only Mike has more talent."

Tex Winter New Rocket Head Coach

Fred "Tex" Winter was signed Friday to coach the San Diego Rockets of the National Basketball Association.

Winter, who just completed his 20th season as a college head coach, resigned his present position as head mentor of the University of Washington to take the Rocket reins.

In making the announcement, Rocket general manager Pete Newell said that Winter will take over immediately.

Considered one of the top five active coaches in the college ranks, Winter is ranked seventh on the all-time winning list with a 333-176 record over the 20 seasons. His win percentage is 65.4 percent.

Winter entered the coaching ranks in 1947 as an assistant to Jack Gardner at Kansas State. He remained there until 1951 when he took over as head coach at Marquette University.

With the Warriors for two seasons (1951-52 and 1952-53), Winter compiled 12-14 and 13-11 records, respectively.

He returned to Kansas State as head coach in 1953 and in 15 seasons with the Wildcats compiled a 262-117 record (69.1%), winning eight Big Eight titles and two Midwest NCAA championships. His 1959 team was voted the No. 1 club in the nation after finishing with a 25-2 record.

Woman's Club Wins, Creates Four-Way Tie

The standings in the Spring Valley Bobby Sox League were jumbled last week when Spring Valley Woman's Club blasted Norm's Gulf, 15-7, creating a four-way tie for first place.

Joining Norm's at the top of the pile with identical 3-1 records are SV Woman's Club, O'Dell Realty, and Galbreath Realty.

Galbreath and O'Dell each won their only contests of the week, as Galbreath bumped Johnson Excavating, 19-8, and O'Dell outlasted Foster's Freeze/Thomas Disposal, 13-12, in nine innings.

In the only other action, Ham's Painting/Easter Plumbing missed it chance to grab first place when the team lost to the Optimists Club, 19-5. The loss put Ham's in fifth place with a 3-2 mark.

SAFE AT FIRST — Laurie Jacobsmeier, of the Gremlins, crosses first base as Lisa Pastoral, first baseman for the Orioles, awaits throw from second base. Action was in Lemon Grove Bobby Sox League action two weeks ago. Miss Jacobsmeier and her teammates went into extra innings to beat the Orioles, which kept the Orioles from claiming first place in the standings.

Pros Will Caddy 'Derby Preview' of Comics' Classic

Twenty San Diego County PGA professionals will caddy and coach when an equal number of comedians and other celebs essay a new kind of fairway fun called "Golf Derby" today at La Costa Country Club.

The Derby preview will be a feature of the 10th annual Comedians' Golf Classic, coming a day before the two-day (May 21-22) tournament at La Costa Friday and Saturday.

Comedians scheduled to play in the "Derby" are: Classic Chairman Jack Lemon, Dick Martin, Jack Carter, Monty Hall, Don Adams, Buddy Lester, Pat McCormick, George Lindsey and Tim Conway.

Other celebrities in the Derby are Max Baer, Forrest Tucker, Billy Eckstine, Gary Morton, Tom Harmon, Peter Lind Hayes, Dennis James, Fred MacMurray, Jack Albertson, and Ray Conniff.

As explained by Lemmon, the Derby is a nine-hole tournament played by a group of 10 golfers who start off together. High scorers are eliminated, hole by hole, until the seventh hole when only four remain. Then it's match play for the final three holes.

Although it precedes the actual Classic by a day, the public is invited to see the Derby. Lemmon predicts it may be even more exciting than the Classic.

Palser's One-Hitter Keeps Luigi's in First

Luigi's Restaurant, on the strength of Russ Palser's one-hitter, belted Spring Valley Shopping Center, 2-0 last week to remain in first place in Spring Valley Little League action.

Palser, who faced only 24 batters in the crucial contest with second place Shopping Center, struck out 15 batters on his way to the win.

His teammates gave him support by belting seven hits and collecting a pair of runs.

In its only other game of the week, Luigi's bested Al's Electric, 5-2, to keep its unbeaten string alive. In the win, Palser, who was not pitching, belted a home run, a double, and a single to score three of the five tallies for Luigi's.

The two wins for Luigi's left the team with a 6-0 mark, a game and one half better than Spring Valley Shopping Center's 4-1 record.

In other action, S&H Martinizing won two games to climb into third place in the standings with a 4-2 mark. Martinizing beat Kelton Homes, 10-4 and blasted Arnold & Co., 9-5.

Jackson Supply won a pair, 16-5 over Arnold and 14-3 over Kelton, to move into fourth place in the standings.

In the only other two games played, SV Shopping beat Spring Valley Kiwanis, 6-5, with the help of Mark Huntington's four bagger, and Kiwanis upset Al's Electric, 4-2, as Dave Rilling tossed a three-hitter.

In intermediate league action, Cecil's Hancock won a pair, including a crucial game over Mary Browne Realtor, 6-3, to take over possession of first place.

Garry Kitchell, winning pitcher for Cecil's, tossed five inning of hitless ball before finishing up with a three-hitter.

In minor league play, Spring Valley Post Office blasted Colwell Insurance Agency, 6-2, to claim first place, and added a 3-1 win over Bob's Window Cleaners to remain on top.

In the rookie league Polar Frozen Foods slipped up, dropping a 9-7 decision to Foster Freeze, but remained in a tie for first, as Foster's had dropped their only other game 20-13, to last place SV Shopping Center.

A look at next week's schedule shows Luigi's and SV Shopping doing battle next Wednesday evening in major league action. Shopping will be out to even its record with Luigi's and get back into the race.

Games are scheduled each evening at 5:30, with Saturday games planned for 9 a.m. 11:30 a.m., and 2 p.m.

Sports Newsmen to Stage Annual 'Roast' Party

Second annual Los Tostaduras, stag dinner and celebrity-baiting stage show produced by the San Diego Sportscasters/Sportswriters Association, has been set for Thursday, June 3, at the Kona Kai Club's Gold Room. Hosted cocktails at 6:30 will be followed by dinner at 7:30 and a 1½ hour floor show. Tickets are $25.

Tostaduras translates from Spanish as Roasting aptly describing the mock tribute to San Diego's best known sports figures at this nothing-is-sacred function.

"Reputations of club officials, coaches and athletes will be on the block", according to Joe Holmes, president and founder of SSA.

Actually, every male sports fan in the area is invited to the affair, Holmes says. Tickets are on sale at the International Sports Arena ticket office and through members of SSA and at the office of this newspaper.

Among sports celebs and others who will be the subjects of skits written and performed by SSA members or the recipients of dubious awards will be Sid Gillman, Lance Alworth, Andy Williams, Buzzy Bavasi, Alex Hannum, Bob Breitbard, John Hadl, Max McNab, Larry Siegfried, Irv Kaze, Les Land, Cheesy Neale and Councilman Leon Williams. The subjects are expected to be present.

Sportswriters and Sportscasters appearing in skits will include Al Couppee, Lyle Bond, Bob Chandler, Rod Page, John Wirges, Bob Williams, Wayne Lockwood, and Matt Mitchell. Bond will be master of ceremonies.

The Golden Jock award, presented last year to Gillman, will be awarded to the winner of a secret ballot held by the SSA. Nominees at this point are Gillman, Hannum, Andy Williams, Breitbard and Bavasi.

Deadline for purchase of tickets, which are limited in number, is May 31.

Migets Claim First Place After Two Wins

The Quota Club Migets, after getting off to a bad start in Lemon Grove Bobby Sox League action, won two games last week to knock the Lions Club Lionettes out of first place.

The Lionettes, after beating the highly regarded Severin Realty Orioles, 11-9, to take a firm grip on first place, lost to the upset-minded Skyline TV Gremlins, 7-5, before bowing to the Migets in a 6-5 heartbreaker.

The Orioles won their only other game of the week over the Associated Engineers Swingers, 38-5, to stay with the leaders.

In the Miget-Lionettes game, Debbie Sullivan was "Miss Everything" for the Migets, pitching, hitting a triple, and knocking in the winning run of the game.

Down by a run, the Migets started a rally in the bottom of the sixth inning as Terry Patterson got on base. Terry was brought in to score when her sister, Kathy Patterson, hit a double to tie the game. Debbie Sullivan then stepped to the plate and blasted a shot to center field which was too hot to handle, driving in Kathy Patterson for the winning run.

In other action, the Migets belted the Gremlins, 13-6 to take over first place, and the Lemon Grove Boosters Angelettes ousted the Swingers, 35-3.

In the standings, the Migets are in front with a 5-3 mark, while the Orioles, the Lionettes, and the Gremlins, are knotted for second with identical 4-3 marks. The Angelettes are fifth with a 3-4 mark, while the Swingers bring up the rear with a 1-5 record.

In minor league action, the Nalco Plumbing Pipers and the Catholic Daughters Cherubs each won a pair to remain deadlocked for first place with 5-1 records.

The Cherubs beat IAM Lodge 2215 Emeralds, 9-8 with a run in the bottom of the seventh, and blasted the Lemon Grove Orthodontics Smilers, 13-8.

The Pipers had little trouble getting by the Lemon Grove Chrysler-Plymouth Crickets, 12-5, and added a 14-8 win over the LG Beauty College/Thomas Disposal Stylists.

In other action, the Stylists, beat the Smilers, 12-6, and the Crickets blasted the Stylists, 16-2.

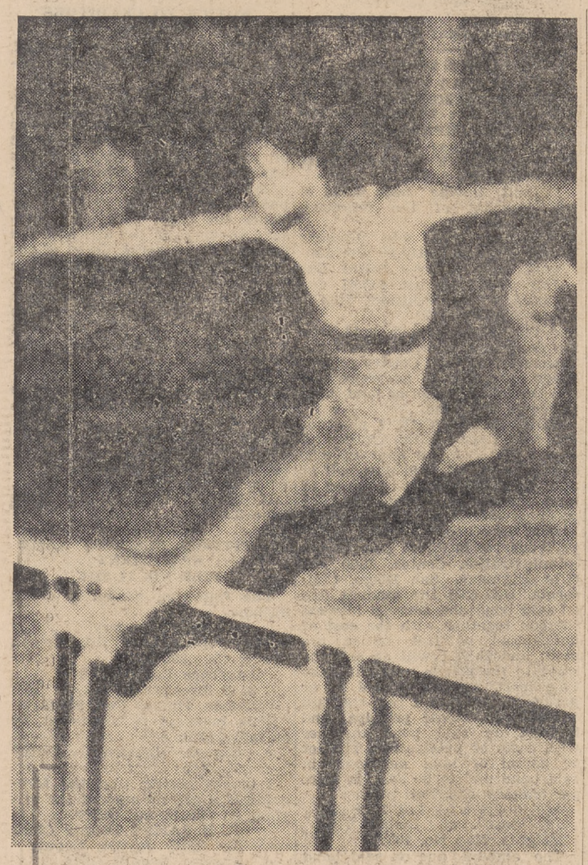
Matadors Win Team Title In Track and Field Finals



BURNING UP THE TRACK — Milton Johnson, of Mount Miguel High School, streaks over hurdle in 180 low hurdle competition during the Grossmont League track and Field finals held last Friday evening at Helix High School. Johnson took first place in the race while teammate Jerry Eubanks took second. (Ron Lewis Photos)

Two Points Separate Four Top Track Teams

Just two points separated the top four teams in the scoring column of last Friday's Grossmont League track and field finals held under the lights at Helix High School.

Favored Mount Miguel managed to claim the team title with 47 points, but El Capitan and Helix were not far back, tying for second with 45½ tallies each. Monte Vista took fourth with 45, while highly regarded Granite Hills took fifth with 37.

In CIF qualifying, Mount Miguel and El Capitan led with nine athletes each, while Monte Vista netted eight spots and Helix 7. Granite Hills and El Cajon each got 6.

In order to qualify for the C.I.F. preliminaries, an athlete must finish in the top three in league finals.

On Friday, the field events took place in the afternoon, with the track events following under the lights. Only one league record was broken, as Helix pole vaulter Rick Schultz toppled a league standard in his event with a vault of 14-8½, an inch higher than the previous mark.

Max Gabaldon, Monte Vista's lone hope in the pole vault, cleared 14 feet for second place, but missed on three attempt at 14-8½.

In the long jump, it was Berkey McDonald, of Helix, taking first place with a 22-7 leap, while his teammate Jerry Avery managed third with a 21-3 effort. John Heimaster, of Mount Miguel, was unable to qualify in the event, finishing fifth with a 21-0 jump.

In the triple jump, things were a little different for Heimaster, as he took second place with his 42-9 jump. First place went to Monte Vista's Gerry Randel, who hopped, stepped, and jumped for 43-9½.

In the shot put, it was Mike King, king of the Grossmont League, continuing his dominance over other loop athletes with a 55-3½ toss, which is his best effort to date and best in the league this year.

In discus competition, Les Frank, of Monte Vista, took second place. His platter toss of 151-2 was bettered by only Jim Fulcher's 161-3 in a bad wind.

Rounding out the field competition was the high jump, in which Mount Miguel's John Slater finished fourth with a dismal leap of 5-8. Slater, who has leaped over 6-0 several times this season, was hampered, as were other athletes in the event, by wind and darkness.

The track events, from the 100-yard dash through the 440-yard relay, were full of surprises.

In the 100, Marc Romano, of Monte Vista, got off to a bad start, but still managed to beat El Capitan's Bill Fudge and Mount Miguel's Milton Johnson by .2 second.

Fudge, who has been hampered by sore muscles, was unable to take advantage of Romano's mistake at the beginning of the race, but was able to hold off a stiff challenge from Johnson to take second. Johnson was third, but was credited with the same 10.3 as Fudge.

In the 220, it was Romano again taking the tape for the points, making him the meet's only double winner. Marc's time for the longer sprint was 23.3.

In the 880, Mount Miguel qualified Larry Trask, who took third place behind Helix runner Bob Bishop and Santana's Matt DeClerck.

Trask stopped the clock at 1:58.0, the same time as DeClerck, who took second. Bishop's 1:57.0 is the best 880 time recorded in the league this year.

In the mile, Bob Morrison, of Mount Miguel, took third place, enabling him to qualify for the CIF competition. His time of 4:35.6 was somewhat of a disappointment.

In the two-mile, it was Ed Mendoza, of Helix, leading the way with a 9:20.3 clocking to win easily. Mendoza will get stiff competition from Terry Cotton, of El Cajon, however, in the CIF competition. Cotton byed to the CIF competition after injuries a couple of weeks ago.

Jerry Eubanks, Mount Miguel's ace 120-high hurdler, had little trouble claiming first place in his specialty, turning in a 15.5 time. Eubanks also took second in the 180-low hurdles with a 20.2 clocking.

Winning the 180's was Milton Johnson, who scorched the track with his 19.8 time. Johnson, who has run 19.4 with the wind this year, will be the leagues' top chance in the CIF competition, along with Cotton and Schultz.

Rounding out the meet were the relay events, where unheralded Monte Vista qualified both its teams.

The Monarchs shocked track fans in the 440 relay, taking the tape with a 43.5 time, .5 second faster than second place Granite Hills.

In the mile relay, the battle was to have been between Granite Hills and Mount Miguel, but it was the Monarchs who ended up pushing the Eagles to a 3:27.2 time. Mount Miguel was third in 3:29.6, as the Monarchs stopped the watch at 3:27.4.

MIGHTY HEAVE — Mike King, of Mount Miguel High School, and the Grossmont League's top shot putter, let go with his best heave of the afternoon in last Friday's league finals at Helix High School. King tossed the steel ball 55-3½, his best mark of the year, and claimed first place. Saturday, King will take on the best athletes in the county at the CIF Prelims in Balboa Stadium.

Padres Return Tuesday For Thirteen Home Games

When the Padres return home Tnuesday, the best of the 1971 schedule awaits them.

A 13-game home stand spaced comfortably over two weeks will be a pleasant change after the team's present road swing.

And looking ahead until the All-Star break, the Padres are booked for 27 games in San Diego Stadium, more than double their road engagements during that time.

For manager Preston Gomez, however, home is where you're hitting.

"We were able to untrack ourselves at the plate at home and that's a sign we're ready to roll," Gomez said.

When the Astros arrive next Tuesday night at 7:30, the Padres will present an attack that is one of the most formidable in the majors.

"I've six people in the middle of the lineup who can break up a game with one swing," Gomez said. "Opposing pitchers can't afford to make a mistake with them."

Gomez proudly refers to Clarence Gaston, Nate Colbert, Ollie Brown, Dave Campbell, Ed Spiezio and Ivan Murrell.

"Having Spiezio return and Murrell regain greater use of his knee made a lot of difference," said Gomez. "They provide the necessary depth to our attack."

It is axiomatic that pitching is 90 percent of baseball. But Gomez believes that is true only if you have excellent pitching and not much else.

"Our strong suit is hitting," he pointed out. "And when this club isn't hitting, its pitching suffers. As soon as we started to hit, our pitchers turned in two complete games.

"Two things have happened that encourage me. One is we have shaken the entire team hitting slump. And the other is that when one or two players have an off day, there is someone else who picks them up with an outstanding performance.

"The latter really is the mark of a good offensive club where there always is someone who steps in with the hot bat when everyone else is going poorly for the moment.

"I still maintain that this club will win more games than the Padres did last year. And hitting will be the reason."

BIRD'S EYE VIEW — Max Gabaldon, Monte Vista's ace pole vaulter, soars 14 feet in the air to clear crossbar in competition last Friday at Helix High School. Gabaldon cleared the 14-foot barrier with no problems, but missed at 14-8½ three times, as Rick Schultz, of Helix, took first in the competition. Gabaldon has cleared 14-4½ this year, and will be the main competition for Schultz in the CIF prelims Saturday at Balboa Stadium.

BIG LEAD — Richard Lauzier hands off to Monte Vista teammate Dave Hatherill in mile relay competition in Grossmont League track and field finals. As Hatherill took the baton, the Monte Vista team led by 12 yards, but Granite Hills' Steve Pizkin, running the anchor lap, turned in an unbelievable performance to nip Hatherill at the finish line in one of the meet's most exciting events.

Naval Operation Is Rotary Topic

The weekly luncheon-meeting of the Spring Valley Rotary Club will be Friday at 12:10 p.m., in the Ox Bow Inn, Campo rd., in the Casa de Oro area of Spring Valley. All Rotarians are welcome, says president Don Tarr.

Guest speaker will be Commander, USS, Don Paulo, who will be speaking on "Operation Headstart." The program is one which is in cooperation with the Vietnam Navy, whereby it attracts more Vietnamese men to that navy and releases more American Naval men from the Southeast Asian theatre.

So far approximately 35,000 American Naval men have been taken from Vietnam through "Operation Headstart," it was pointed out.

Hitt Takes Second In Main Event

Jim Hitt finished second in the main event and Ed Hale set a new eight-lap heat record to lead local drivers at Cajon Speedway last weekend.

In the main event, John Borneman, of El Cajon, starting in fourth place, took over the lead from Carl Simon on the sixth lap and drew away to a 10-length lead until the thirteenth lap when Simon blew an engine to close the gap on the yellow flag.

Meanwhile, Hitt, who also won the trophy dash, had weaved his way through the pack to take over second place. On the restart, Hitt stuck right with Borneman, but was unable to get around the young El Cajon driver.

Nevertheless, Hitt, of Lemon Grove, picked up enough points in the course of the race to lead in the standings by 280 points.

Hale, who clocked 2:31.88 seconds in the fourth heat race, was in good position in the main event, but fuel line problems saw him to the pits. Other local drivers Saturday night included Cactus Henyan, who took fifth in the main event.

On Friday night, it was Don Hamilton, of El Cajon, winning his second main event in as many outings, as Roger Tilton, of Lemon Grove, and Hitt made good showings in the super sprint competition.

Tilton won the first heat of the night after Ed Hale won the trophy dash, and finished fifth in the main event, while Hitt made his way to fourth in the main.

Hale had his problems in the main event, spinning out in a wild affair that eventually sent two pit men to the hospital.

In the accident, Lee Robison, of Spring Valley, was in the lead holding off a challenge from winner Hamilto, receiving instructions from one of his pit men in the infield.

Hale's car bumped Barney White's racer on the straightaway, with Hale nearly flipping his machine. White's car carromed into the infield striking Robison's two pit men.

The pit men were rushed to the hospital and Robison dropped out of the race to accompany his crewmen, as both appeared to have sustained serious injuries.

C.I.F. Meet Set Saturday At Stadium

The San Diego Section C.I.F. track and field preliminaries have been scheduled for Balboa Stadium Saturday afternoon for all athletes who qualified in league meets last week, it was announced this week.

Pole vault events will get underway at 11 a.m. at the stadium, with all other field events starting at 11:30 a.m.

Track events will get underway at 12:30 p.m.

Local participants who are expecting to pick up points in the competition include Rick Schultz, of Helix, in the pole vault, Max Gabaldon, of Monte Vista, also in the pole vault, and Milton Johnson, of Mount Miguel, in the 180-low hurdles.

Schultz has cleared a county best of 14-8½ while Galbaldon has cleared 14-4½. Johnson has completed a 19.4 wind-aided effort in his event, which ties him with others as the best in the county.

Another outstanding chance for points in the meet is Gerry Randel, of Monte Vista, in the triple jump, while teammate Les Frank could claim honors in the discus. John Heimaster, of Mount Miguel, is another threat in the triple jump.

Admission to the preliminaries is $1.50 for adults, and 75 cents for students and children.

Lemon Grove Is Home Of Custom Guitar Production

One of the largest custom-made guitar building operations in the state has started in Lemon Grove.

Three young men, Bob Morris, Lee Follmer, and Sam Radding, opened the shop at 7936½ Lester st., Lemon Grove in February, and have since constructed many custom guitars and have done repairs on hundreds of instruments.

The shop not only builds and repairs guitars, but also constructs and fixes mandolins, banjos, dulcimers, and other stringed instruments. Sam Radding is even working on a "virginal", the predecessor of the harpsichord.

Last year, The American Dream opened at 4705 College ave., in San Diego. Since then, however, repair and custom work became to big an operation for the shop, which has become more of an outlet for work done in the Lemon Grove shop.

The San Diego shop is owned by Gene Radding, Sam's brother.

The local operation started from "pocket money", according to "Cap'n" Bob Morris, who picked up his nickname when he was the captain of a helicopter crew in Vietnam with the U.S. Army.

Much of the money since then that has gone into the shop has been made through repair work. Morris said that the shop now handles more repair work than any other outfit in the county.

The shop is one of only two custom shops dealing in handmade instruments in San Diego county, and is one of only a few shops in the state. Most guitars used currently are mass produced on assembly line.

"One of our goals," Morris said, "is to put craftsmanship back into instruments."

One reason that hand-made instruments are not as popular as they were several years ago is that the expense in getting a quality instrument is too high for most guitarists. Many professional guitarists use mass produced guitars, although they usually have much custom work done on them.

"By keeping production on a limited scale," according to Radding, "we can sell the highest quality instruments at inexpensive prices and still make a good profit."

Morris cited a $400 instrument that he said cost only about $30 for materials. "But when you add the cost of wholesale distributors, middle men, and retailers, who all get their share of the profit," he said, "the price rises considerably."

He added that a guitar of the same quality materials and better craftsmanship made in the local shop would sell for about $250. "Plus," he said, "we can include customizing for less money because we add it during the construction of the instrument rather than after it is completed."

Of course, handmade guitars take more time to manufacture. It takes between 40 and 60 days to complete a custom instrument, depending on the weather, Morris said.

"The weather's the hang-up," according to Radding. "You have to make sure the humidity is just right before you can put the pieces together." He said humidity should be between 30 and 40 percent.

The shop handles all phases of guitar repair, from adjusting the height of the strings, to refinishing the entire instrument, to replacing parts and fixing broken or split wood.

GUITAR MAKERS — "Cap'n" Bob Morris, left, and Sam Riley, discuss design of guitar top being made in their shop, The American Dream, located at 7936½ Lester ave., Lemon Grove. Morris and Riley, along with Lee Follmer, opened the shop earlier this year, specializing in constructing custom-made guitars and musical instruments.

General Sees ROTC Program At Mt. Miguel

Brigidier General Thomas Tackaberry, Department Head of ROTC affairs, Washington, D.C., conducted a short visit to Mount Miguel High School May 5.

Several of the Mt. Miguel cadets participated in a briefing and had a chance to ask the general questions.

Cadet Captain Robert Cook, ROTC Company Commander, gave a short speech summarizing Mt. Miguel's ROTC past and future goals. He gave statistics on how the Corps has grown in manpower and told the general of the 143 cadets expected for next year.

"The ROTC is a training ground for not only the military, but also for civilian life," General Tackaberry pointed out. "I'm very happy to see this program as it is. This is the Army's most important program," the general continued.

Postal workers used 875 tons of rubber bands, costing $1.22 million, in 1970.

San Ysidro, La Jolla May Lose Postal ID

WASHINGTON — First-class post offices serving the congressional district of Rep. Lionel Van Deerlin, D-San Diego, and throughout San Diego County, have partially lost their separate identities as the result of mail handling techniques inaugurated by the new U.S. Postal Service.

Van Deerlin said he has been assured these changes will produce savings and better service.

Under the new procedures, most mail from the affected first-class offices is being routed directly to a "mail factory" leased by the main San Diego Post Office on Kearney Mesa. Letters processed in that facility are postmarked "U.S. Postal Service", rather than with the name of the community of origin.

Van Deerlin noted that individuals who want a local postmark can deposit their mail in boxes specially designated for that purpose in their own post office.

Van Deerlin said it is "logical to assume" that independent first-class post offices such as San Ysidro and La Jolla will be designated substations at a savings of $100,000 a year.

The Kearney Mesa regional plant, through which most San Diego County mail is now channeled, is the only postal facility in the county that is fully operational on a 24-hour basis. The equipment includes four machines, each capable of cancelling up to 30,000 pieces of mail an hour — all with the new Postal Service postmark.

The new San Diego regional center, scheduled to open in July, 1972, at Midway and Barnett ave., will house mail processing equipment worth about $3.5 million.

In creating the quasi-public postal corporation, Congress yielded its own historic authority to set mail rates (which went up this week) and the pay of postal workers.

"The objective was improved mail service, free of political influence," Van Deerlin said. "If events prove otherwise, Congress can reassert the public interest."

Pete Wilson In Race For S.D. Mayor

The race for mayor of the City of San Diego sprang into life this week with the announcement by State Assemblyman Pete Wilson that he is a candidate.

He made the announcement Monday at a news conference at the U.S. Grant Hotel.

Monday evening, at Town and Country Convention Center, more than 1,000 supporters of Mayor Frank Curran, participated in a $10 a plate dinner party at which businessman George Scott was m.c.

Publisher Clint McKinnon, chairman of Curran's campaign for re-election, and Scott, pointed to the need for continuing the "successful City in Motion" concept.

Wilson, who at 37 has already served five years in the assembly, said he entered the race because he was urged and because of the challenge. He is a Republican representing the 76th District. The mayor's job is non-partisan.

Miguel Parents Protest Movie

(Continued from page 1)

steps might be taken to present offsetting information.

Included on the committee were two San Diegans, members of the local "Peace Through Victory" branch of the "National Committee for a Lasting Peace", according to Grant.

He said the 13-person committee would file its report with him and that he, and his two assistant principals would incorporate that report into one ordered by District Superintendent Dr. Austin Sellery. Dr. Sellery earlier had asked for opinions from Mt. Miguel officials in order to restate policy guaranteeing that both sides of controversial issues would be presented at schools.

Grant said that Mrs. Santangelo is "an outstanding and sensitive teacher who prepares her classes well. She is respected by Mt. Miguel administration and faculty," he said.

Grant said that reaction to the showing of the film caused the three top officials at school to hold "open lines" last week so that parents who wanted to discuss the matter could have easy access to them.

Someday you may be eating French and Japanese oysters grown right here in Southern California.

Professor Richard Northcraft, an expert in oyster culture, is conducting an experimental oyster-growing project at our Encina plant lagoon.

He's utilizing the lagoon to determine the rate of growth of several kinds of oysters in Southern California's warmer waters.

After two years of research, he's proved that French and European oysters grow at twice their normal rate when "hanging" in baskets.

"Hanging" culture requires only a small growing area...the same number of oysters can be grown in only one-tenth the space it takes for ordinary bottom cultivation.

Professor Northcraft's research could be a boon to oyster lovers in Southern California. If commercial oyster growing proves feasible here, it could mean a large local supply of fresh oysters.
